The prior arts of record do not teach or suggest the feature of "inserting into said second data field interval data representing a time interval for subsequent transmission of subject data from the sender to the receiver, wherein said interval data is generated based on a function of a current level of ambient network traffic," as required by amended independent claim 34 and new independent claim 37.

The examiner considers the applicants' claims 34-38 to be allowable based on the claim interpretation and the aforesaid prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
